Film Production Guidelines

Welcome to the City of Los Angeles, Department of Recreation and Parks (Department). In our partnership to protect the environmental integrity of our parks the Park Film Office is providing guidelines to ensure a safe and successful film shoot. Please review and provide copies of these guidelines to the appropriate responsible persons. Thank you for the continuous use of our parkland.

- **Production Company allowed to film at Studio City playground on 08/09/2012 9AM-11AM ONLY.**
- **Production Company may not park in parking lot due to Recreation Center activities.**
- **Production Company must leave area clean after activity.**
- **Cannot impede park patrons from park activities.**
- **Production Company may do up to 2 minute pedestrian control.**
- **Cannot interfere, prevent, or clear park patrons from the location of filming.**
- **Company is not allowed to add landscape unless approved.**
- **May not drive on any park service road or grassy areas unless approved.**
- **Must work around maintenance activities.**
- **May not block entrance or exits.**
- **Patrons have the right of way at all times.**
- **Production Company does not have exclusive use of any part of the park at any time.**

- Vehicles and/or heavy equipment are not allowed on turf areas unless prior approval is given by the Park Film Office.
- Production companies must provide their own restroom and trash receptacles. The City dumpsters and trash cans cannot be used so all self-generated trash has to be removed and disposed of off-site.
- Film permits do not provide exclusive use of a park or recreation area.
- Service roads, parking lot driveway access, handicap or electric vehicle designated parking stalls may not be blocked or restricted. Emergency vehicle access lanes must be maintained in parking lots and park streets at all times.

It is the company's responsibility to distribute these guidelines to all crew members. These are general guidelines for the area and are subject to change depending on your request.
